

## Removing Energetic Cords and Hooks Workshop

Saturday, September 26<sup>th</sup>

2 pm to 5 pm

Third Street Center, 520 S. Third Street, Carbondale

Shari Billger, International Teacher/Healer

**Energetic cords and hooks** are fairly passive two-way energetic connections that can drain our energy. Cords are more easily formed than hooks. Cords can come from anyone. Cords generally are formed between us and people we have significant or semi-significant relationships with. Hooks on the other hand, are placed in our energy body, directly into our chakra system, and come from either a negative, or a weak and disempowered Soul that does not have the ability to find strength enough within themselves to create and draw on their own sources of energy.

Cord and hook removal will free your energy from being drained by others. Once freed your energy belongs to you again to use however you choose.

***Learn this awesome technique and take your life back.***

### Testimonials:

*The cord removal technique Shari taught was so effective with results that far exceeded our expectations that we have asked her to come back and teach it again to more of our clients.*

**- Darcy B. Milwaukee, WI**

*I was fired from my job and had a pain in my right lower back that started 3 weeks before I was fired. The class taught me how to remove a cord that was placed in my back by my former employer – the pain is completely gone. WOW! Take the class!*

**- David P. Colorado Springs, CO**

**Class Fee: \$66. \$33 deposit required to register.**
